

2009 Volkswagen Tiguan

Sunday, 24 May 2009

Personally, I feel that the 2009 Volkswagen Tiguan looks simply magnificent. Just think of taking the infamous Volkswagen Polo and make it into a gigantic 4 wheel drive, that's what you get inside the 2009 Volkswagen Tiguan. On the other hand, the interior looks rather organized and I just love the roundish speedometers on the dashboard.

Here are some photos of the 2009 Volkswagen Tiguan.
