
Novitec Alfa Romeo MiTo

Saturday, 30 May 2009

Alfa Romeo certainly knows how to create trademark cars in the market – You’d recognize these Alfas from the shield-shape front grills. Nevertheless, Novitec has something in store for all of us and it’s the Novitec Alfa Romeo MiTo.

The MiTo runs on a 1.4 liter turbo engine, and it can reach a top speed of 186 mph. And as for the 0-60, the MiTo timed 7.4 seconds. Novitech also has diesel models which run on either 1.3 or 1.6-liter JTD engines.

Here are some snapshots of the Novitec Alfa Romeo MiTo:
