

Volkswagen Jetta S

Wednesday, 03 June 2009

The Volkswagen Jetta S is dubbed as one of the top economy sedan. The car is powered by a 2.5-liter 5 cylinder engine, which can produce a total of 170 horsepower. And as for torque, it's 177 pound-feet. On the other hand, the fuel mileage is capped at 21 to 29 miles per gallon, which is pretty standard, judging the fact that the car runs on 5 cylinders. Also, the Volkswagen Jetta S comes with either 5-speed manual or 6-speed automatic with the easy Tiptronic.

You can be sure that the car can give you ultimate safety as it can be equipped with up to 6 air bags, and has 4 years/50,000 miles warranty.

Take a look at some of the photos of the Volkswagen Jetta S.
